STARLIGHT SCHOOL #3

- Date: 9th - 13th September 2024
- Duration: 5-day learning experience + 2 days travel
- Destination: Potes, Spain
- Topics: nature and biodiversity, light pollution reduction, environment protection, and biodiversity preservation

The third and final school of the STARLIGHT project took place in Potes, Spain, from the 9th to 13th September 2024. The twenty participants, arriving from Austria, Bulgaria, Germany, Hungary, Italy, Romania and Spain, were hosted by Fundación Camino Lebaniego (FCL), i.e. the Spanish partner of the STARLIGHT project.

Newsletter #5

During the week, the STARLIGHT participants had the chance to discover the territory of Liébana and to meet with municipalities delegates and local stakeholders, in order to get inspired and to develop some new ideas for implementing regional tourism.

Indeed, taking into account the concepts of experiential tourism, light pollution, and biodiversity, the STARLIGHT participants were able to create an Experience Box consisting of five distinct tour packages; i.e. *Mariposas_Night Dive in the Sky with Butterflies*; *Urania_Astrotheatre*, *SUPERNOVA 13_Starry Skies - Fresh Perspectives*, *Aguilas_Naturaleza y estrellas en Liébana*, *Cygnus_Rutas de los árboles lebaniegos*, which were all presented at the final multiplier event of the STARLIGHT Summer School.
